# 3i[+]

## CleanContact™

Anti-microbial touchpad and surrounding surfaces manufactured and tested to protect against cross-contamination of germs within the workplace.

## Pure Touch Dispense

The ergonomic design delivers an optimum dispense height and spacious dispense area for large containers which prevents germ contamination of the dispense nozzle.

## 24/7-System Monitoring

At the core of PHSI's patented technology is a microprocessor that controls and monitors activated oxygen injection, filter life, water quality, and all other system functions 24 hours a day. Only the 3i[+] can deliver this level of programmability and performance that keeps your water fresh and pure

## Activated Oxygen Injection

Oxygenates the water during the ATS process, delivering FRESHNESS YOU CAN TASTE™

## ATS-Auto Tank Sanitization

Eliminates microbiological contamination and does away with the tedious and often overlooked task of sanitizing the holding tank

<b>Dimensions (WxDxH)</b> - 14" x 17" x 50.5"
<b>Dispense Height</b> - 10.1" <b>Weight</b> - 94.4 lbs.
<b>Cold / Hot Tank Capacity</b> - 3 gallons / 0.5 gallons
<b>Purification Process</b> - Multi-stage process utilizing Sediment Removal, Dual Carbon, Reverse Osmosis (80 gallons per day) and Activated Oxygen Injection

# The FRESHER, HEALTHIER, PURER Choice!

PHSI Pure Water Technology's newest system incorporates a fifth **BOOST** filter for the purest electrolyte enhanced water in the marketplace today. It's the Fresher, Healthier, Purer choice!

## Boost Productivity

Produces energy allowing employees to achieve more in a day's work.

## Boost Performance

Transports oxygen to all areas of the body helping employees perform at an optimal level.

## Boost Health

Provides essential nutrients the body needs to stay healthy, preventing employee illness.

## Boost Attendance

Results in healthier employees with less trips to the doctor and more days in the office.
